

Enabling a Safe, Prosperous, Secure and Healthy Australia

Success Story

Business Challenge

Deliver trusted, reliable and responsive weather, water, climate and ocean services for Australia – all day, every day.

Solution

Unisys Digital Workplace Services to implement a secure and stable enterprise email solution via Microsoft 365 planning and migration services; services include integration with other Microsoft 365 workloads such as Teams, OneDrive for Business and SharePoint Online.

Results and Benefits

- Achieved high employee satisfaction levels with and utilization of the Microsoft 365 suite through strategic organizational change management
- Improved workforce mobility and access to data across diverse teams
- Safeguarded data, mitigated risks and increased resilience for employees' enterprise email platform
- Reduced IT costs by implementing on the cloud

“The Bureau provides an extraordinary array of services that touch the lives of millions of Australians every day. The Unisys solution is secure and scalable and is enabling us to better contribute to our nation’s economic prosperity, public safety and community wellbeing.”

Michael Webb
General Manager Service and Infrastructure
The Bureau of Meteorology
